

Plan # MBI020-02556

House Plan Details

This classic Americana design employs wood siding, a variety of window styles and a detailed front porch. A short hallway, with a wet bar, accesses the family room with its French doors and fireplace. The breakfast area and open island kitchen are spacious and efficient. The master suite's sleeping and sitting rooms feature architectural details including columns, tray ceilings and a fireplace. The elegant master bath boasts a raised oval tub. This home is designed with a walkout basement foundation.
